Tom didn't know what to make of this bit of information, so he said, "That's a lot." He felt for the railing. Grasped at the empty air only briefly. Found the handrail. He climbed to the porch. But she knew. Barty, buoyant as ever, seemed not to be much worried about the problem with his vision. He appeared to expect that it would pass like any sneezing fit or cold. Junior knew that he must remain vigilant. Vigilant and focused until January 12 had come and gone. Eight days to go. The customers were in a mood, most of them grumbling about their ailments. Others complained about the dreary weather, the increasing number of kids zooming along sidewalks on these damn new skateboards, the recent tax increases, and the New York Jets paying Joe Namath the kingly sum of \$427,000 a year to play football, which some saw as a sign that the country was money-crazy and going to Hell. After Maria, Bonita, and Francesca had gone, when Agnes and her brothers joined forces to clear the table and wash the dishes, Barty kissed them good-night and retired to his room with The Star Beast. In San Francisco, Seraphim Aethionema White lies beyond all hope of resuscitation. So beautiful and only sixteen. The six-foot-tall statue was of a nude woman, formed from scrap metal, some of it rusted and otherwise corroded. The feet were made from gear wheels of various sizes and from bent blades of broken meat cleavers. Pistons, pipes, and barbed wire formed her legs. She was busty: hammered soup pots as breasts, corkscrews as nipples. Rake-tine hands were crossed defensively over the misshapen bosom. In a face sculpted from bent forks and fan blades, empty black eye sockets glared with hideous suffering, and a wide-mouthed shriek accused the world with a silent but profound cry of horror. Her eyes, lustrous pools, brimmed with the need to know, but she respected the deal. "I only half understood all that, and I don't even know which half, but in some strange way, it feels true. Thank you. I will think about it tonight, when I can't sleep." She stepped close and kissed him on the cheek. "Who are you, Tom Vanadium?" Besides, he wasn't on the Greenbaum Gallery customer list and didn't have an invitation. This was tedious work and might not bear fruit. He needed to begin somewhere, however, and the telephone directory was the most logical starting point. Thrusting the red rose at her again, insistently pressing it against her hand to distract her, Junior swung the Merlot, and just as Sinatra sang the word sugar with a bounce, the bottle smacked Victoria in the center of her forehead. She pushed her chair back from the table and got to her feet, and everyone followed her example. Waking from a bad dream, he sometimes thought he heard the ratcheting of gear-wheel feet. The scrape and creak of rusted iron joints. The clink of rake-tine fingers rattling against one another. He suspected the blame lay with his exceptional sensitivity to violence, death, and loss. Previously it manifested as an explosive emptying of the stomach, this time as a purging of lower realms. He still had work to do here. Properly disposing of Thomas Vanadium, however, was the most urgent piece of business. The wife killer was evil; and his evil would be expressed one way or another, regardless of the forces that affected his actions. If he'd not killed Naomi on the fire tower, he would have killed her elsewhere, when another opportunity for enrichment presented itself. If Victoria hadn't become a victim, some other woman would have died instead. If Cain hadn't become obsessed with the strange conviction that someone named Bartholomew might be the death of him, he would have filled his hollow heart with an equally strange obsession that might have led him, anyway, to Celestina, but that would surely have brought violence down on someone else if not on her. "I got to admit," Nolly said, "I'm surprised these little pranks have rattled him so deeply." Nevertheless, with Gein in mind, how easy it was to imagine that a monstrous evil lurked nearby. Watching. Scheming. Driven by an unspeakable hunger. In a century torn by two world wars, marked by the boot heels of men like Hider and Stalin, the monsters were no longer supernatural, but human, and their humanity made them scarier than vampires and hell born fiends. Rising, Celestina said to Tom, "Last Tuesday night, we had to switch on the lawn sprinklers. This will be much better." Although she was aware that these extraordinary events would shape the rest of her life, beginning with her actions in the hours immediately ahead of her, she could not clearly see what she ought to do next. At the core of her confusion was a conflict of mind and heart, reason and faith, but also a battle between desire and duty. Until she was. On this morning in March, minutes after the pie caravan had departed, Edom got his Ford Country Squire out of the garage and drove to the nursery, which opened early. Spring was drawing near, and much work needed to be done to make the most of the rosarium that Joey Lampion had encouraged him to restore. He happily contemplated hours of browsing through plant stock, tools, and gardening supplies. Livor mortis had already set in, blood draining to the lowest points of her body, leaving the fronts of her bare legs, one side of each bare arm, and her face ghastly pale. To Nolly, Kathleen said, "This is why I married you. To be around talk like this." Like a disc fish with silvery scales, the coin lay in the cup of Junior's palm. Directly over his life line. He knew for a fact that Seraphim had died in childbirth. He had seen the gathering of Negroes at her funeral in the cemetery, the day of Naomi's burial. He had heard Max Bellini's message on the maniac cop's Ansaphone. Though she worried that reading would strain his eyes, worsening his condition, she recognized the irrationality of her fear. Muscles don't atrophy from use, nor eyes wear out from too much seeing. Tears burst from Junior, stinging torrents, a salt sea of grief that blurred his vision and bathed his face in brine. "Get out of here, you disgusting, sick son of a bitch," he demanded, his voice simultaneously shaking with sorrow and twisted by righteous anger. "Get out of here now, get out!" To Edom, humanity was obviously not the greater of these two destructive forces. Men and women were part of nature, not above it, and their evil was, therefore, just one more example of nature's malignant intent. They had stopped debating this issue years ago, however, neither man conceding any credibility to the other's dogma. Bolting up from the couch—"Mom, are you there?"—she turned to Tom, her face collapsing in a ghastly expression. Undeterred, the girl said, "Not magic. But maybe I can't learn to do that one, ever." IN GOOD DARK SUITS, clean-shaven, as polished as their shoes, carrying valises, the three arrived in Junior's hospital room even before the usual start of the working day, wise men without camels, not bearing gifts, but willing to pay a price for grief and loss. Two lawyers and a high-level political appointee, they represented the state, the county, and the insurance company in the matter of the improperly maintained railing on the observation platform at the fire tower. For breakfast, he avoided sugar. He ate cold roast beef and drank milk laced with a double shot of brandy. Vanadium couldn't know the whereabouts of the quarter. Besides, even when he'd swung the lunch tray over Junior's lap, the detective hadn't been close enough to pick the pocket of the robe. Sometimes, just the thought of getting in the car and venturing into the dangerous world was intolerable. Then he settled into his La-Z-Boy and waited for the natural disaster that would soon scrub him off the earth as though he had never existed. From Sparky, Tom Vanadium had borrowed a master key with which he could open the door to Cain's apartment, but he preferred not to employ it as long as he could enter by a back

route. The less often he used the halls that were frequented by residents, the more likely he would be able to keep his flesh-and-blood presence a secret from Cain and sustain his ghostly reputation. If too many tenants got a look at his memorable face, he would become a topic of discussion among neighbors, and the wife killer might tumble to the truth..After two years of rehabilitation, Tom had been pronounced as fit as ever, a miracle of modern medicine and willpower. But right now he seemed to have been put back together with spit and string and Scotch tape. Arms pumping, legs stretching, he felt every one of those eight months of coma in his withered-and-rebuilt muscles, in his calcium depleted-and-rebuilt bones..All right, yes, it had tiny hands and tiny feet, rather than hooked talons and cloven.The sign promised topless dancers. Although Junior had been in San Francisco for over a week, he had not yet sampled this avant-garde art form..Eventually, he settled on a mental image of a bowling pin as his "seed." This was a smooth, elegantly shaped object that invited languorous contemplation, but it did not tease his libido..For a while, leaning forward in his chair and staring at the floor with an intensity and an expression that could not have been inspired by the insipid vinyl tiles, Tom mulled over what she'd told him. Then: "The connection is there, but it's still not entirely clear to me. So he took perverse pleasure in raping her with her father's sermon as accompaniment . . . and maybe without his realizing it, the reverend's message got deep inside his head. I wouldn't think our cowardly wife killer has the capacity for guilt ... although maybe your dad worked a sort of miracle and planted that very seed."..He was having difficulty focusing his attention on the problem at hand. Through his mind, odd and disconnected thoughts rolled like slow, greasy, eye-of-the-hurricane waves on an ominous sea..STILL WEARING HIS white pharmacy smock over a white shirt and black slacks, striding purposefully along the streets of Bright Beach, under a malignant-gray twilight sky worthy of a Weird Tales cover, with ominous accompanying rhythm provided by wind-clattered palm fronds overhead, Paul Damascus headed home for the day.. "I don't stumble. Not much, anyway." To the girl, Bartholomew said, "Angel, are you okay?". "Could you throw an Oreo someplace you weren't blind or maybe someplace Wally wasn't shot?". Barty never cried. In the hospital neonatal unit, he'd been a marvel to the nurses, because when the other newborns were squalling in chorus, Barty had been unfailingly serene..You ever hear it, Enoch? I'm that someone for you, of course, in a romantic sense."..By the time his ferocious in-laws had finished with him, Junior would have won the sympathy of Knacker, Hisscus, Nork, and everyone else who might have harbored doubts about his role in Naomi's demise. Perhaps even Thomas Vanadium would find his suspicion worn away..On the two-chair bed beside her mother, Angel issued small cries of distress in her sleep. Whatever presences flocked around her in the dream, they weren't baby chickens..Suddenly she realized-Good Lord!-that someone else had a had inside her, up the very center of her, massaging her uterus in the same lazy pattern as that made by the piece of melting ice on her belly..In the crisis, the rack holding her oxygen bottle had been rolled to the bed. The breathing mask lay on the pillow beside her.. "I know how to build boats, how to sail boats."..Barty's reading and writing skills appeared to be related to his talent for math, as well. To him, language was first phonics, a sort of music that symbolized objects and ideas, and this music was then translated into written "syllables using the alphabet-which he saw as a system of math employing twenty-six digits instead of ten..That same day, he dared to visit two galleries. Neither of them had a pewter candlestick on display..Lord, help me here. Give me this one, just this one, and I'll follow thereafter where I'm led. I'll always thereafter be your instrument, but please, please, GIVE ME THIS CRAZY EVIL SON OF A BITCH!..So runs the water away, away..He reached toward the dead man's closed hand, but he couldn't find the courage to touch it. He was afraid that if he pried open the stiff fingers, he would discover a quarter inside..He smiled and shrugged. "I used to be a fisher of men. Now I hunt them. One in particular."..After Agnes read the final words on the final page, Barty was drunk on speculation, chattering about what-might-have-happened-next to these characters that had become his friends. He talked nonstop while changing into his pajamas, while peeing, while brushing his teeth, and Agnes wondered how she would wind him down to sleep..From serviceway to alley to serviceway to street, into the city and the fog and the night, Junior ran from the Cain past into the Pinchbeck future..Because his lacrimal glands and tear ducts were intact, Barty could cry with his plastic eyes. Consequently, it didn't seem all that much more incredible to be seeing with them..He nodded. "The effect not only comes before a cause in this case, but completely without a cause. The effect is staying dry in the rain, but the cause-supposedly walking in a dryer world-never occurs. Only the idea of it."..guarantee against self-incrimination, a slap in the face of justice, a violation of the rights of man..madness or a brilliant deductive insight: Naomi, the hateful bitch, she poisoned me!..Through the cacophony of shattering glass, splintering wood, and cracking plaster, Paul heard the hard roar of an engine, the blare of a horn, and suspected what must have happened. Some drunk or reckless driver had crashed at high speed into the parsonage..As they dropped toward the surgical floor, the solemn sister said, "Another hypertensive crisis..Barty whispered: "The North Pole Society of Not Evil Adventurers is now in session.".. "That's not what they say," the boy replied with a giggle, for his extensive reading had introduced him to words that he and she agreed were not his to use..Blink, the living room. Turning off Sinatra halfway through "It Gets Lonely Early."
