"No," he said. "I don't think anybody can." Barty's math and reading skills exceeded those of most eighteen year-olds, but regardless of his brilliance, he was a few days shy of his third birthday. Prodigies were not necessarily as emotionally mature as they were intellectually developed, but Barty listened with sober attention, asked questions, and then sat in silence, staring at the book in his hands, with neither tears nor apparent fear. People were at the car windows, struggling to open the buckled doors, but Agnes refused to acknowledge them. A matronly nurse arrived, alerted to the patient's return to consciousness by the telemetry device associated with the heart monitor. Rolling onto her side, fumbling in the dark, Celestina White snared the phone on the third ring. Her hello was also a yawn. They were childless. It had to be that way. Truthfully, Paul felt no regrets about missing out on fatherhood. Because they were a family of two, they were closer than they might have been if fate had made children possible, and he treasured their relationship. As though stirred by static electricity, the fine hairs on the backs of Tom's hands quivered, and a current of expectation coursed through him. Her brothers' solemnity irritated Agnes. They appeared to be taking this reading seriously, as though it were far more than just a little after-dinner entertainment. "July 6, 1944, in Hartford, Connecticut, a fire broke out in the great tent of the Ringling Brothers and Barnum and Bailey Circus at two-forty in the afternoon, while six thousand patrons watched the Wallendas, a world-famous high-wire troupe, ascend to begin their act. By three o'clock, the fire burned out, following the collapse of the flaming tent, leaving one hundred sixty-eight dead. Another five hundred people were badly injured, but one thousand circus animals-including forty lions and forty elephants-were not harmed." They were in the eastern hills, a mile from Jolene and Bill Klefton's place, where ten days ago, Edom had delivered blueberry pie along with the grisly details of the Tokyo-Yokohama quake of 1923. Under a sullen afternoon sky, in the winter-drab hills, the yellow-and-white station wagon was a bright arrow, drawn and fired not from a hunter's quiver but from that of a Samaritan. Into the autumn of 1967, Junior reviewed hundreds of thousands of phone listings, and occasionally he located a rare Bartholomew. In San Rafael or Marinwood. In Greenbrae or San Anselmo. Located and investigated and cleared them of any connection with Seraphim White's bastard baby. The sign promised topless dancers. Although Junior had been in San Francisco for over a week, he had not yet sampled this avant-garde art form. Your deeds ... will return to you, magnified beyond imagining ... the spirit of Bartholomew ... will find you ... and mete out the terrible judgment that you deserve. He wanted Celestina to sit in her seat and use her lap belt, but she insisted on cuddling next to him, as if she were a high-school girl and he were her teenage beau. As Wally followed them inside, Celestina grinned at him. "From the car to the living room, all as neat as a well-practiced ballet. We've got a big headstart on this married thing." Two more uniformed officers had entered the kitchen, fresh from their search of the apartment. They were amused. On the second morning of Barty's illness, Agnes came downstairs and found him at the kitchen table, in his pajamas, happily applying unconventional hues to a scene in a coloring book. So Otter worked along with them with a clear head and an angry heart. They were in a trap. What's the use of a gift of power, he thought, if not to get out of a trap? The study was the size of a bathroom. The cramped space barely allowed for a battered pine desk, a chair, and one filing cabinet. Bracing her feet against the floorboards, clutching the seat with her left hand, fiercely gripping the door handle with her right, she prayed, prayed that the baby would be all right, that she would live at least long enough to bring her child into this wonderful world, into this grand creation of endless and exquisite beauty, whether she herself lived past the birth or not. This wasn't the same Enoch Cain whom Vanadium had known three years ago in Spruce Hills. That man had been utterly ruthless but not a wild, raging animal, coldly determined but never obsessive. That Cain had been too calculating and too self-controlled to have been swept into the emotional frenzy required to produce this blood graffiti and to act out the symbolic mutilation of Bartholomew with a knife. "Not so unbelievable," said Jacob. "Forty-five thousand people every year die in automobiles. Cars aren't transportation. They're death machines. Tens of thousands are disfigured, maimed for life." Handing Angel to Grace, Lipscomb said, "I own some investment properties. There's a two-bedroom unit available in one of them." As Celestina and her mother loaded the last of the pies into the ice chests in the Suburban, Paul and Agnes came back from her station wagon at the head of the caravan. RED SKY IN THE morning, sailors take warning; red sky at night, sailors delight. Having anticipated a problem of one kind or another, Junior withdrew a packet of crisp new hundred-dollar bills from an inside jacket pocket. The bank band still wrapped the stack, and on it was printed \$10,000. "Please try not to be alarmed, Miss White, but I have a patrol car on the way to your address." Sudden rain spared her the need to finish the sentence. A few fat drops drew both their faces to the sky, and even as they rose to their feet, this brief light paradiddle of sprinkles gave way to a serious drumming. Barty's release from Hoag Presbyterian had been delayed by an infection, and thereafter he had spent three days in a Newport-area rehabilitation hospital. Rehab consisted largely of orientation to his new dark world, since his lost function could not be recovered by either diligent exercise or therapy. WALTER PANGLO, the only mortician in Bright Beach, was a sweet tempered wisp of a man who enjoyed puttering in his garden when he wasn't planting dead people. He grew prize roses and gave them away in great bouquets to the sick, to young people in love, to the school librarian on her birthday, to clerks who had been polite to him. Though she worried that reading would strain his eyes, worsening his condition, she recognized the irrationality of her fear. Muscles don't atrophy from use, nor eyes wear out from too much seeing. The thorns had not been stripped from the long stem of the white rose. Vanadium clutched it so tightly that the sharp points punctured his meaty palm. He seemed to be unaware of his wounds. Off the hard surfaces of cabinets, refrigerator, and ovens, the twin reports crashed and rattled. The windowpanes briefly thrummed. Dinner was available in the lounge. Junior enjoyed a superb filet mignon with a split of fine Cabernet Sauvignon. When she tried to speak to him, she could no more easily raise her voice than she could extend a hand to him. "I could have been killed," Junior Cain repeated, suddenly so horrorstruck by this realization that an iciness welled in his gut, and for a while he wasn't able to feel his extremities. Mustering all her hostess skills, Agnes gradually turned the conversation from disastrous explosions to Fourth of July fireworks, and then to reminiscences of summer evenings when she, Joey, Edom, and Jacob. Entering the bedroom, Junior had expected to cast aside his pistol and draw a knife. But he was no longer in a mood for close-up work. Fortunately, he'd managed to hold on to the gun. Junior's agony might have made him howl like a cankered dog or might even have dropped him to his knees if he hadn't used the pain to fuel his anger. His knobby countenance was so sensitive that the light breeze flailed his skin as cruelly as if it had been a barbed lash. Empowered by rage even more beautiful than his countenance was monstrous, he crossed the parking lot, looking

through car windows in the hope of seeing keys dangling from an ignition..He had been walking ever since, two and a half years, with brief respites in Bright Beach..In a pew in Old St. Mary's Church, in Chinatown, Junior took delivery of the lock-release gun and the untraceable 9-mm pistol with the custom-machined silencer, as previously arranged. The church was deserted at ten o'clock in the morning. The shadowy interior and the menacing religious figures gave him the creeps.. "You should call San Francisco police, have them put your place under surveillance and nail him if he turns up."..His wife, Dorothea, adored him, not least of all because he had taken in her eighty-year-old mother and treated that elderly lady as though she were both a duchess and a saint. He was equally generous to the poor, burying their dead at cost but with utmost dignity..He shouldered past two counter waitresses, past the short-order cook who was working eggs and burgers and bacon on the open griddle and grill. Whatever expression wrenched Junior's face, it must have been intimidating, for without protest but with walleyed alarm, the employees squeezed aside to let him pass..Lucky did not take him into the roaster tower, but back to the barracks. From a locked room he brought out a small, soft, thick, leather bag that weighed heavy in his hands. He opened it to show Otter the little pool of dusty brilliance lying in it. When he closed the bag the metal moved in it, bulging, pressing, like an animal trying to get free..By now, all here assembled knew Celestina well enough that Tom's final example raised an affectionate laugh from the group..In addition to these scavengers, another presence was here, unseen but not unfelt. The chill of this invisible entity pierced Junior to the marrow: the stubborn, vicious, psychotic, prickly-bur spirit of Thomas Vanadium, maniac cop, not satisfied to haunt the house in which he'd died, not ready yet to seek reincarnation, but instead pursuing his beleaguered suspect even after death, capering--to paraphrase Sklent like an invisible, filthy, scabby monkey here on this city street, in bright daylight..The window mechanism creaked, the two tall panes began to open outward but too slowly, and the cold white night exhaled a chill plume of breath into the room..Holding on to the jamb with one hand, Barty leaned across the threshold, listening to the day. Birds. Softly rustling leaves. Nobody on the porch. Even trying hard to be quiet, people always made some little noise.. "I love you, Daddy," she said, and put the palms of her hands flat against his temples..When Agnes woke at 1:50 A.M., she was in the grip of a vague apprehension for which she couldn't identify a source..She was so hot that the ice melted quickly. A thin trickle slid down her throat, but not enough to take the Sahara out of her voice when she said, "More."..He knew what she made of it, all right, and he could see that the others on the porch knew as well, and likewise he could see that all of them wanted to hear him confirm the conclusion at which Agnes had arrived long before he'd come here with Wally this evening. Even in the dining room, before the proof in the rain, Tom had recognized the special bond between the blind boy and this buoyant little girl. In fact, he couldn't have arrived at any conclusion different from the one Agnes reached, because like her, he believed that the events of every day revealed mysterious design if you were willing to see it, that every life had profound purpose..He capped the bottle, pocketed it, and then kicked the dead man, kicked him again, and spat on him..Bartholomew might be a teenager living with his parents or a dependent adult residing with family; if so, he wouldn't be revealed in this search, because the phone would not be listed in his name. Or maybe the guy loathed his first name and never used it except in legal matters, going by his middle name, instead..The cop had picked up the .22 pistol, using a pencil through the trigger guard, to prevent the destruction of fingerprints..This show was hopeless, disastrous, stupid, foolish, painful, lovely, wonderful, glorious, sweet..Evidently, Jacob had made a quick trip to his apartment over the garage and, with no thought for mice and dust, had not closed the back door. Junior said, "You've caused me a lot of trouble, you know." He'd been building a beautiful rage all night, thinking about what he'd been through because of the girl's temptress mother, whom he saw so clearly in this pint-size bitch. "So much trouble."..Babies of unwed mothers-especially of dead unwed mothers, and especially of dead unwed mothers whose fathers were ministers unable to endure public mortification-were routinely put up for adoption. Since Seraphim had given birth here, the baby would be-no doubt already had been-adopted by a San Francisco-area family.. "If I ever get there, I'll be back," she promised the gathered family. "Imagine how much we'll have to talk about. Maybe I'll even get some new pie recipes from Over There.".. "Thirsty," Agnes rasped. Her voice was Sahara sand abrading ancient stone, the dry whisper of a pharaoh's mummy talking to itself in a vaulted sealed for three thousand years..The girl sucked in deep lungfuls of the weary clouds. "Better hold tight, Mommy, I'm gonna float."..Based on the evidence, perhaps Sklent never laughed, regardless of how clever the joke. He scowled fiercely at the paintings in the brochure, returned it to Junior, and snarled, "Shoot the bitch."..Shrieking like carrion-eating birds waiting for their wounded dinner to die, the Hackachaks twice drew stern warnings from nurses. They were told to quiet down and respect the patients in neighboring rooms..Wally switched off the engine and killed the headlights. "Home, where the heart is."..just as the smile curved to completion, however, an awful thing happened. The humiliation began with a loud gurgle in his gut..In Oregon, standing at Junior Cain's bedside, turning a quarter across the knuckles of his left hand, Thomas Vanadium asks about the name that his suspect had spoken in the grip of a nightmare..break and conversation among the customers fell into a lull. When the bar phone rang, though it was muted, he heard it at his table..Thick fog distorted all sense of time and place. At each end of the block, pearly hazes of light marked intersections with main streets but didn't illuminate this narrower passage in between. A few security lamps-bare bulbs under inverted-saucer shades or caged in wire--indicated the delivery entrances of some businesses, but the dense white shrouds veiled and diffused these, as well, until they were no brighter than gaslights..Furrowing her brow and narrowing her eyes as though prepared to scold him, she slowly lowered her face to his, until their noses were touching, and she whispered, "Because it's more fun if it's secret."
