His heartbeat soon returned to normal. The damp palms of his hands grew dry..With the determination of any pulp-magazine adventurer, Paul walked in sunshine and in rain. He walked in heat and cold. Wind did not deter him, nor lightning..Instead, as he settled into the offered chair, he withdrew a picture of Perri from his wallet. It was an old black-and-white school photograph, slightly yellow with age, taken in 1933, the year he'd begun to fall in love with her, when they were both thirteen..Frowning, Agnes said. "Yes, those stories. Sweetie, when Uncle Edom and Uncle Jacob go on about big storms blowing people away and explosions blowing people up ... that's not what life's about."..the social worker and her family. Husband, wife, daughter, son. The little girl smiled shyly through braces. The boy was impish..Finally he began: Greetings on this momentous day. I'm writing to you about an exceptional woman, Agnes Lampion, whose life you have touched without knowing, and whose story may interest you..He was having difficulty focusing his attention on the problem at

hand. Through his mind, odd and disconnected thoughts rolled like slow, greasy, eye-of-the-hurricane waves on an ominous sea. Dear Lord, how she loved her sugarpie, her little M&M. Three years had passed in what seemed like a month, and although there had been stress and struggle, too few hours in every day, less time for her art than she would have liked, and little or no time for herself, she wouldn't have traded being blindsided by motherhood for any amount of wealth, not for anything in the world ... except to have Phimie back. Angel was the moon, the sun, the stars, and all the comets streaking through infinite galaxies: an ever-shining light. The third-floor apartment directly over Enoch Cain's unit had been leased by Simon Magusson, through his corporation, ever since it became available in March of '66, twenty-two months ago. "There's nothing here for you," she said, stepping back from the door in order to close it. Startled, Nolly checked his shirt pocket and withdrew a quarter. "It's not the same one." In those days they had no fixed names for the various kinds and arts of magic, nor were the connections among those arts clear. There was—as the wise men of Roke would say later—no science in what they knew. But Hound knew pretty surely that his prisoner was concealing his talents. Recalling how the title of the exhibition had resonated with him when first he'd seen the gallery, brochure, Junior felt certain now that a tape-recorded early draft of this sermon was the kinky "music" that accompanied his evening of passion with Seraphim. He couldn't remember one word of it, let alone any element that would have deeply moved a national radio audience, but this didn't mean that he was shallow or incapable of being touched by philosophical speculations. He'd been so distracted by the erotic perfection of Seraphim's young body and so busy jumping her that he wouldn't have remembered a word, either, if Zedd himself had been sitting on the bed, discussing the human condition with his customary brilliance. Taking her silence for assent, Tom continued: "Your father is gone from here, gone forever, but he still lives in other worlds. This isn't a statement of faith alone. If Albert Einstein were still alive and standing here, he'd tell you that it's true. Your father is with you in many places, and so is Phimie. In many places, she didn't die in childbirth. In some worlds, she was never raped, her life never blighted. But there's an irony in that, isn't there? Because in those worlds, Angel doesn't exist—yet Angel is a miracle and a blessing." He looked up from the city to the woman. "So when you're lying in bed tonight, kept awake by grief, don't think just about what you've lost with your father and Phimie. Think about what you have in this world that you've never known in some others—Angel. Whether God's a Catholic, a Baptist, a Jew, a Muslim, or a quantum mechanic, He gives us compensation for our pain, compensation right here in this world, not just in those parallel to it and not just in some afterlife. Always compensation for the pain ... if we recognize it when we see it." Shortly before three o'clock, Thursday afternoon, in a state of agitation, Barty raced into the kitchen, where Agnes was baking buttermilk-raisin pies. Holding Red Planet open to pages 104 and 105, he complained urgently that the library copy was defective. "There's twisty spots in the print, twisty-funny letters, so you can't just exactly read all the words. Can we buy our own copy, go out and buy one right now?" Without ceremony or prayer, although with much righteous anger, Junior hoisted the dead musician over the lip of the Dumpster. For a dreadful moment, his left arm tangled in the loosely cinched belt of the London Fog raincoat. Straining a shrill bleat of anxiety through his clenched teeth, he desperately shook loose and let go of the body. This brilliant mouthful was not nature's work alone. With what Nolly must have spent to obtain this smile, some fortunate dentist had kept a mistress in jewelry through her most nubile years. Always, he was good with Barty, and on this occasion, he teased more than the usual number of smiles and giggles from the boy as he tried to get him to read the Snellen chart on the wall. Then he lowered the lights in the examination room to study his eyes with an ophthalmometer and an ophthalmoscope. When he was baking, the world seemed to be a less dangerous place. Sometimes, making a cake, he forgot to be afraid. For a while, Celestina had worried that the girl was slower to walk than other children, slower to talk, and slower to develop her vocabulary, even though Celestina read aloud to her from storybooks every day. Then, during the past six months, Angel had caught up in a rush though she traveled a road somewhat different from what the childrearing books described. Her first word was mama, which was fairly standard, but her second was blue, which for a while came out "boo." At three, an average child would be doing exceptionally well to identify four colors; Angel could name eleven, including black and white, because she was able routinely to differentiate pink from red, and purple from blue. Otter's humble teachers had taught him pride. They had trained into him a deep contempt for wizards who worked for such men as Losen, letting fear or greed pervert magic to evil ends. Nothing, to his mind, could be more despicable than such a betrayal of their art. So it troubled him that he couldn't despise Hound. Already the fortune foretold, which she had strived to dismiss as a game with no consequences, was coming true. WEDNESDAY, fully two days after delivering honey-raisin pear pies with Agnes, Edom worked up the nerve to visit Jacob. "That wasn't gossip," Grace insisted. "I was just telling you that Paul got the swing repaired and rehung." The bright side was easy to see. If Vanadium's reputation among other cops and among prosecutors was that of a paranoid, a pathetic a after phantom perpetrators, his unsupported belief that Naomi. By the grace of Caesar Zedd and Remy Martin, Junior eventually slipped into undulant currents of sleep, and as he drifted away on those velvet tides, he took some solace from the thought that come what may, December 29 would be a better day than December 28. In the foyer again, about six feet inside the front door, he stood the wineglass on the floor. He placed the bottle of Merlot beside the glass, the red rose beside the bottle. Deed flinched. "No reason. But I sure never did mean you or your husband any harm, Mrs. Lampion. And not your baby, either, not little Bartholomew." "This meeting of the North Pole Society of Not Evil Adventurers is officially closed." He nodded. "The effect not only comes before a cause in this case, but completely without a cause. The effect is staying dry in the rain, but the cause—supposedly walking in a dryer world—never occurs. Only the idea of it." "So entertaining, I felt I should have paid for those seats. When the third machine starts whizzing coins at him, he bolts like a kid running a graveyard at midnight on a dare." Nolly laughed, remembering. Chase after her on foot. Shoot her in the car. Maybe. He'd have five rounds left if he used one on the man, four on Bartholomew. Sport shirt just for no reason at all, because she thought he'd look nice in it? He hadn't heard the cop get out of the chair and cross the dark room. Difficult. Junior Cain definitely was not a crazed sex-killer, not driven to homicide by weird lusts beyond his control. A single night of sex and death—an indulgence never to be repeated—wouldn't require serious self-examination or a reconsideration of his self-image. Returning from his tests, he'd gotten into bed without stripping off the thin, hospital-issue robe. He was still wearing it over his pajamas. Ford dealership, which he'd closed for business until three o'clock: lamentations, lunch, and moving reminiscences of the deceased shared among the shiny new Thunderbirds, Galaxies, and Mustangs. That venue would provide Junior with the witnesses he required for his reluctant, tearful, and perhaps even angry concession to the Hackachaks' insistent materialism. were a favorite pair when he was puttering around the house on weekends. "Oh," he said, "that dog." "Well, we have earthquakes here," Jolene said, "but back east they have all those hurricanes." On the High Marsh. Since dealing with Victoria and the detective, Junior had taken pride in

the fact that he'd kept his equanimity and, more important, his lunch. No acute nervous emesis, as he'd suffered following poor Naomi's death. Indeed, he had an appetite..As Tom reached Celestina, she said, "Shots." She said, "Gunshots." She held the receiver in one hand and pulled at her hair with the other, as if with the administration of a little pain, she might wake up from this nightmare. She said, "He's in Oregon."..He had come to believe that every well-rounded, self-improved person ought to have a craft at which he excelled, and needlepoint appealed to him more than either pottery-making or decoupage. For pottery, he would require a potter's wheel and a cumbersome kiln; and decoupage was too messy, with all the glue and lacquer. By December, he began his first project: a small pillowcase featuring a geometric border surrounding a quote from Caesar Zedd, "Humility is for losers."..could not be a person of the best intentions. Doctors and nurses wouldn't monitor their patients with the lights off..Maria said nothing, working busily, but Agnes recognized that special silence in which difficult words were sought and laboriously stitched together..Even Agnes was briefly unnerved to the extent that she said, "Enough of this. It's not fun anymore."..In fact, although weak and aching, Junior felt mentally refreshed and wonderfully alert..The moonlight had faded and the gentle waves had ebbed out of his mind's eye. He concentrated, trying to force the phantom sea to flow back into view, but this was one of those rare occasions when a Zedd technique failed him".Finished, Joshua excused himself and went down the hall to his office. He was gone perhaps five minutes, and when he returned, he sent Barty off to the waiting room, where the receptionist kept a jar of lemon- and orange-flavored hard candies. "A few of them have your name on 'em, Bartholomew."..The barren white walls, the stark furniture starkly arranged, the rigorous exclusion of bric-a-brac and mementos: this resulted in the closest thing to a true monastic cell to be found outside of a monastery. The only quality of the apartment that identified it as a secular residence was its comfortable size, and if Industrial Woman had been replaced with a crucifix, even size might have been insufficient to rule out residence by some fortunate friar.."She was a hero, just like you. I wanted you ... I wanted you to see her and to know her name. Perri Damascus. That was her name."..For half an hour he studied Barty's eyes with various devices and instruments. Thereafter, he arranged an immediate appointment with an oncologist, as Joshua Nunn had predicted..The porch light wasn't on. No landscape lighting brightened the backyard. Barty was a gray shadow moving through darkness and through the darkling drizzle..In either case, printing the name in blood was a ritualistic act, and ritualism of this nature was an unmistakable symptom of a seriously unbalanced mind. Evidently, the wife killer would be easier to crack than expected, because his shell was already badly fractured..Looking down at Barty, Agnes saw the ghost of Joey in the baby's face, and although she half believed that her husband would be alive now if he had never tempted fate by putting such a high price on his life, she couldn't find any anger in her heart for him. She must accept this final generosity with grace-if also without enthusiasm..Joey was standing just outside, gazing in at her. His blue eyes were seas where sorrow sailed..He stopped for lunch at a restaurant with a spectacular view of the Pacific, framed by massive pines.."I'll always know your face," he promised. "Even if you have to go away and you're gone a hundred years, I'll remember what you looked like, how you felt."..No, no. But being around him so much, inevitably I absorb some details. He's a compelling speaker when the subject interests him."..The receptionist, Rebecca, had stayed late, just to keep company with Barty in the waiting room. As she settled into a chair beside the boy, he asked her if she knew what gravity was on Mars, and when she confessed ignorance, he said, "Only thirty-seven percent what it is here. You can really jump on Mars."..Like a disc fish with silvery scales, the coin lay in the cup of Junior's palm. Directly over his life line..If there had been footsteps, they had fallen silent the moment Junior froze to listen for them. Even over the hard drumming of his heart, he would have heard any noise. The pillowy fog seemed to smother sound in the alleyway more effectively than ever..A trickster, this detective. Full of taunts and feints and sly stratagems. Psychological-warfare artist..In his right hand again, the real gun, loaded with ten hollow-point rounds, felt charged with supernatural power: to Bartholomew as a crucifix to Dracula, as holy water to a demon, as kryptonite to Superman..No longer able to judge the boy's degree of sleepiness by his eyes, she relied on him to tell her when to stop reading. At his request, she closed the book after forty-seven pages, at the end of Chapter 2..In answer, Wally came running with his heavy medical bag, as he was vow doctor to some people on the pie route. "The weather's a lot better than I expected, so I went back to change into lighter clothes."..After examining Phimie, who was nauseous, Daines prescribed an anticonvulsant, an antiemetic, and a sedative, all intravenously..Yet in her heart, she wouldn't relinquish hope for a miracle. This was an amazing boy, a prodigy, a boy who could walk where the rain wasn't, already himself a miracle, and it seemed that anything might happen, that Dr. Chan might suddenly rush into the waiting room, surgical mask dangling from his neck, face aglow, with news of a spontaneous rejection of the cancer..Shivering, Junior slammed the trunk lid and warily surveyed the lonely landscape. Black pines spread bristled arms through the chary night, and the moon cast down a jaundiced light that seemed to obscure more than it illuminated..Vanadium was dead. Pounded with pewter and sunk in a flooded quarry. Gone forever..Of the three Bartholomews that he'd turned up recently, he chose Prosser because, burdened by the name Enoch, Junior felt sympathy for any girl whose parents had cursed her with Zelda..NOLLY WULFSTAN, private detective, had the teeth of a god and a face so unfortunate that it argued convincingly against the existence of a benign deity..Although he considered tearing up the letter and throwing it away he knew that his perceptions were clouded by grief and that what he'd written might seem fine if he reviewed it in a less dark state of mind. He returned the letter to the envelope and put it in the drawer of his nightstand..Junior could almost feel sorry for this sad, stocky, haunted detective, deranged by years of difficult public service.
