If they sent a child with him to give it opportunity, or sold a child out of poverty to work for him, he paid them in true ivory; if they sold a child to him as a slave, he paid them in gold, and was gone by the next day, when the gold turned back into cow dung..which she found hard to do. Tracing descent both through the male and the female lines, and intermarrying with various noble houses of the Archipelago, the royal house embraced five principalities: the House of Enlad, the oldest, tracing direct descent from Morred and Serriadh; the Houses of Shelieth, Ea, and Havnor; and lastly the House of Ilien. It was men's ambitions, they said, that had perverted all the arts to ends of gain. "We do not deal with their governments," said tall Veil in her mild voice. But a year or so later he saw Diamond out in the back garden with his playmate Rose. The children were squatting on their haunches, heads close together, laughing. Something intense or uncanny about them made him pause at the window on the stairs landing and watch them. A thing between them was leaping up and down, a frog? a toad? a big cricket? He went out into the garden and came up near them, moving so quietly, though he was a big man, that they in their absorption did not hear him. The thing that was hopping up and down on the grass between their bare toes was a rock. When Diamond raised his hand the rock jumped up in the air, and when he shook his hand a little the rock hovered in the air, and when he flipped his fingers downward it fell to earth. "I'll give you some. . . angehen, is that all right? But you don't know what it is, do you?". "And cast wide!" He looked from one to the other again. "I wasn't well taught, in the City of Havnor," he said. "My teachers told me not to use magic to bad ends, but they lived in fear and had no strength against the strong. Medra walked through the night. He was very lame, and could not always keep up the werelight. When it failed he had to stop and sit down and sleep. The sleep was never death, as he thought it was. He woke, always cold, always in pain, always thirsty, and when he could make a glimmer of the light he got to his feet and went on. He never saw Anieb but he knew she was there. He followed her. Sometimes there were great rooms. Sometimes there were pools of motionless water. It was hard to break the stillness of their surface, but he drank from them. He thought he had gone down deeper and deeper for a long time, till he reached the longest of those pools, and after that the way went up again. Sometimes now Anieb followed him. He could say her name, though she did not answer. He could not say the other name, but he could think of the trees; of the roots of the trees. This was the kingdom of the roots of the trees. How far does the forest go? As far as forests go. As long as the lives, as deep as the roots of the trees. As long as leaves cast shadows. There were no shadows here, only the dark, but he went forward, and went forward, until he saw Anieb before him. He saw the flash of her eyes, the cloud of her curling hair. She looked back at him for a moment, and then turned aside and ran lightly down a long, steep slope into darkness. Patterner.
