Rose extracted, dropped, and spat on the last maggot, and said, "Just hand me that bucket now." She bathed the sore with salt water. The ewe sighed deeply and suddenly walked out of the yard, heading for home. She had had enough of medicine. "Bucky!" Rose shouted. A grubby child appeared from under a bush where he had been asleep and trailed after the ewe, of whom he was nominally in charge although she was older, larger, better fed, and probably wiser than he was..".Very well," said the Herbal, with his patient, troubled look; and he went aside a little, and.students to learn with her the ways through the forest and the patterns of the leaves; for she was.here. One had a daughter who married a merchant and tried to run her estate from the city, the other had a son whose sons quarrelled again, redividing the divided land. By the time the girl called Dragonfly was born, the domain of Iria, though still one of the loveliest regions of hill and field and meadow in all Earthsea, was a battleground of feuds and litigations. Farmlands went to weeds, farmsteads went unroofed, milking sheds stood unused, and shepherds followed their flocks over the mountain to better pastures. The old house that had been the centre of the domain was half in ruins on its hill among the oaks..".Times I could shake his fool head off," she said, and went back to her work..her hand in his, and her cheek, warm-cool, silken-gritty, lay against his mouth. He went in by the garden door, which gives on the path through the fields to Roke Knoll. It is a curious thing about the Great House of Roke, that it has no portal or grand entryway at all. You can enter by what they call the back door, which, though it is made of horn and framed in dragons tooth and carved with the Thousand-Leaved Tree, looks like nothing at all from outside, as you come to it in a dingy street; or you can go in the garden door, plain oak with an iron bolt. But there is no front door..This was another of the reasons Diamond loved her..".Ivory," said the Doorkeeper. The Herbal used all his art, but could not rouse him. "He is dead," he said. "The breath will not leave him, but he is dead." So we mourned him. Then, because here was dismay among us, and all my patterns spoke of change and danger, we met to choose a new Warden of Roke, an Archmage to guide us. And in our council we set the young king in the Summoner's place. To us it seemed right that he should sit among us. Maybe they were afraid of him. They bound his hands and gagged his mouth to keep him from making spells. They locked him in a cellar room, a room of stone, until they thought him tamed. Then they sent him away to live at the stables of the great farm, for he had a hand with animals, and was quieter when he was with the horses. But he quarreled with a stable boy, and turned the poor lad into a lump of dung. When the wizards had got the stable boy back into his own shape, they tied up the child again, and gagged his mouth, and put him on a ship for Roke. They thought maybe the Masters there could tame him..".Chanter urged them on. They'll be along soon..".When he came home he had a three-year-old daughter with him. He turned her over to the housekeeper

and forgot about her. When he was drunk sometimes he remembered her. If he could find her, he made her stand by his chair or sit on his knees and listen to all the wrongs that had been done to him and to the house of Iria. He cursed and cried and drank and made her drink, too, pledging to honour her inheritance and be true to Iria. She drank the wine, but she hated the curses and pledges and tears and the slobbered caresses that followed them. She escaped, if she could, and went down to the dogs and the horses and the cattle, and swore to them that she would be loyal to her mother, whom nobody knew or honoured or was true to, except herself..life. There's an old pallet in the woodhouse. Air it. Don't bring mice in with it." And he stalked off towards the Overfell, angry with the boy for coming and with himself for giving in; but it was not anger that made his heart pound. Striding along-he could stride, then-with the seawind pushing at him always from the left and the early sunlight on the sea out past the vast shadow of the mountain, he thought of the Mages of Roke, the masters of the art magic, the professors of mystery and power. "He was too much for 'em, was he? And he'll be too much for me," he thought, and smiled. He was a peaceful man, but he did not mind a bit of danger.. "Maybe you'll have a go with us yourself, then? You had a hand for it, before you took to making.Reluctant, he stepped forward, barefoot and bare-legged; he had rolled up his cloak into his pack an hour ago when the sun came out. Reeds brushed his legs. The mud was soft and sucking under his feet, full of tangling reed-roots. He made no noise as he moved slowly out into the pool, and the circles of ripples from his movement were slight and small. It was shallow for a long way. Then his cautious foot felt no bottom, and he paused.. "I doubt it," Diamond said..to name yourself."
