He ardently wished that he hadn't killed her with such merciful swiftness. If he'd tortured her first, he would now have the memory of her suffering from which to take consolation.. Whether the cop was unhinged or not, Junior had nothing to gain by talking to him, especially in this disorienting darkness. He

was exhausted, achy, with a sore throat, and he couldn't trust himself to be as. Getting out of the stuffy car into air much chillier than it had been when he'd left this place, Junior stood unsteadily as the police and the paramedics gathered around him. Then he led them through the wild grass to Naomi, moving haltingly, stumbling on small stones that the others navigated with ease. Meanwhile, before they needed to plan the wedding, there was time for an orange soda and a root beer, and more of Dr Jekyll and Mr Hyde. Mustering all her hostess skills, Agnes gradually turned the conversation from disastrous explosions to Fourth of July fireworks, and then to reminiscences of summer evenings when she, Joey, Edom, and Jacob. And though Barty was not shy, neither was he a show-off. He didn't seek praise for his accomplishments, and in fact, they were little known outside of his immediate family. His satisfaction came entirely from learning, exploring, growing. In the late-afternoon light, on this Christmas Eve, Barty was no ghost, no illusion. For forty-eight hours, he pumped himself full of prescription antihistamines, immersed himself in bathtubs brimming with numbingly cold water, and lathered himself with soothing lotions. In misery, gripped by self-pity, he dared not think about the 9-mm pistol that he had stolen from Frieda Bliss. "I'm wondering," Nolly said, "if you're not an officer of the law anymore, in what capacity are you going to pursue Cain?". For all his brilliance, however, he was still a boy who loved to run and jump and tumble. Who swung from the backyard oak tree in a rope-and-tire swing. Who was thrilled when given a tricycle. Who giggled in delight while watching his uncle Jacob roll a shiny quarter end over-end across his knuckles and perform other simple coin tricks. Tom removed the lid. No beer, one head. Simon Magusson's severed head lay faceup on the ice, mouth open as though he were standing in court to object to the prosecution's line of questioning. When the pianist eventually launched into "Someone to Watch over Me," he didn't appear to be responding to a request, considering that a few other numbers had been played since the most recent gratuity. The tune was, after all, in his nightly repertoire. Holding up his misshapen hands, knobby knuckles toward Agnes, Obadiah said, "How do you think they became like this?". Looking toward the nearest window, where the wet night kissed the glass, he said, "Lawn sprinklers?". Tom Vanadium merely arched one eyebrow, as if to say that more than a single answer ought to be obvious. Kitchen to dining room, dining room to hallway, keeping his back to the wall, easing quickly along, then into the foyer. Wait here, listening. Junior forgot all about seduction. "And she--what?--She adopted her sister's baby?". As nimble as a geriatric cat, crying out with pain, Junior nevertheless sprang onto the deep windowsill and shoved against the twin panes of the window. They were already partly open-but they were also stuck. Crouched on the deep sill, pushing against the parted casement panes of the tall French window, using not just muscle but the entire weight of his body, leaning into them, the maniac tried to force his way out of the bedroom. Without sigh or complaint, he would walk back to her with the purse. The errand was no trouble. In fact, returning the purse would give him a chance to get another good-night kiss. By the time they reached the seventh painting, alcohol and rich French cuisine and Jack Lientery's powerful art combined to devastate Frieda. She shuddered, leaned with one hand on a canvas, hung her head, and committed an act of bad PR. Why Cain, even if he was the father, should be interested in the little girl was a mystery to Tom Vanadium. This totally self-involved, spookily hollow man held nothing sacred; fatherhood would have no appeal for him, and he certainly wouldn't feel any obligation to the child that had resulted from his assault on Phimie. This was pathetic. Only thickheaded fools, unschooled and unworlly, would be shaken into confession by ham-handed tactics like these. After carrying the two pieces of luggage to the car in the garage, he returned to the study. He sat at the desk and examined the contents of the drawers, then turned to the file cabinet. "Oh, yes, I recall it now. Polar bears eating tourists in Union Square, wolf packs prowling the Heights." He assumed that she hadn't phoned the police to make a formal report. No need to go out of her way to slander Junior when Thomas Vanadium had been prowling the hospital at all hours of the day and night, ready to lend an ear to any falsehood about him, as long as it made him appear to be a sleazeball and a wife killer. These kids were the same age, yet listening to them was akin to hearing Angel do her charming shtick with an adult who had a lot of patience, a sense of humor, and an awareness of generational ironies. Admitting to the likelihood that he would never again devote himself seriously to his business, Paul sold it to Jim Kessel, long his good right hand and fellow pharmacist. Phimie's speech had been slurred later, as well, immediately following the birth of the baby, when she had struggled to convey her desire to name her daughter Angel. No one could put him in prison because of his dreams. "I can't remember. Those are the worst, when you're not able to remember them--don't you think? They're always so silly when you can recall the details. When you draw a blank ... they seem more threatening." Standing at graveside, Junior was in a foul mood. He was weary of pretending to be deep in grief. Stepping into her digs was like passing through a time machine into another century, traveling in space, as well, to the Europe of Louis XIV. The expansive, high-ceilinged rooms overwhelmed the eye with the rich somber colors and the heavy forms of Baroque art and furniture. Shells, acanthus leaves, volutes, garlands, and scrolls--often gilded decorated the museum-quality antique Bombay chests, chairs, tables, massive mirrors, cabinets, and etageres. Many police agencies required an officer to carry a firearm even when off duty. If the Oregon State Police had no such rule, Vanadium most likely carried one anyway, because in his crazy-as-a-snake mind, The little hands, so weak now but someday strong: Would they eventually be capable of savagery, as were the father's hands? Misbegotten offspring. This seed of a demonic man whom Phimie herself had called sick and evil. However innocent-looking now, what pain might she eventually in-- on others? What outrages might she commit in years to come? Although Celestina searched intently, she could not glimpse the father's evil in the child. "That's exactly how I hoped he would be." Relieved, he followed Agnes to the living room. "Listen, Aggie, you know, I don't have anything against Jacob, but--". Considering his battered and stitched face, considering also his tragic and colorful history, Vanadium spoke with remarkably little drama. His voice was calm, nearly flat, rising and falling so little that he almost talked in a monotone. Her father respected and admired Tom, so she was thankful for his presence. And anyone who could survive whatever catastrophe had left him with this cubistic face was a man she wanted on her team in a crisis. "Better. Fear doesn't require him even to seduce a woman or to buy a bottle of whiskey. He just needs to open himself to it, and he will be filled like a glass under a faucet. As difficult as this may be to comprehend, Cain would choose to be neck-deep in a bottomless pool of terror, desperately trying to stay afloat, rather than to suffer that unrelieved hollowness. Fear can give shape and meaning to his life, and I intend not merely to fill him with fear but to drown him in it." Agnes ran to the kitchen, where she had been working when the doorbell rang, packing boxes of groceries to be delivered with the honey-raisin pear pies that she and Jacob had baked this morning. Munching an Almond Joy, Junior returned to the phone book, with no choice but to find Bartholomew the hard way. The opening paragraph still lingered in his memory, because he had crafted it with great care: Greetings on this momentous day. I'm writing to you about an exceptional woman, Agnes Lampion, whose life you have touched without knowing, and whose story may interest you. Dishes dried and put away, Jacob retired to the living

room and settled contentedly into an armchair, where he would probably become so enthralled with his new book of dam disasters that he would forget to make luncheon sandwiches until Barty and Angel rescued him from the flooded streets of some dimly unfortunate town.. "Ah, evidently you can read my mind. Scarier than heart reading any day. Maybe there's a thin line between minister's daughter and witch." He rolled Neddy onto one side, but no gold watch lay underneath, so he let the musician flop onto his back again.. "I mean it. You have a lot of responsibilities here. Barty. Pie Lady Services. People who depend on you. Friends who love you. When you came on board with me, mister, you bought into a whole lot more than you can walk away from." He snatched the woman's car keys off the pavement, slid behind the wheel of the Pontiac, and drove off to find a pharmacy, the only stop that he intended to make until he reached Spruce Hills.. impress the hell out of the hoity-toity types, take their money, and get famous." The subtle distortions in his vision, which caused lines of type to twist, didn't appear to trouble Barty much otherwise. He moved as quickly and as surely as ever, with his special grace.. Junior joined the throngs, although he had no gift list or feeling for the season. He just needed to get out of his apartment, because he was convinced that the phantom singer would soon serenade him again.. efficiency of a nurse, but as a courtesan might perform the task: smiling enticingly, a flirtatious glimmer in. Angel didn't want to go, maybe because the boogeyman schemed beneath the bed in some of her nightmares.. "You might as well beat a cloud for raining," said Otter's mother.. ice bags. I almost laughed at his tendency to morbidness and self dramatization. The living dead had not come to get him: just some rubber ice bags.. The baby felt too light to be real. She weighed five pounds fourteen ounces, but she seemed lighter than air, as though she might float up and out of her aunt's arms.. To celebrate, upon leaving the gallery, he went to the coffee shop in the Fairmont Hotel, atop Nob Hill, determined to have a beer and a cheeseburger.. He had never expressed opposition to starting a family. She'd had no reason to fear telling him that she was carrying their child.. "Angel," Phimie said urgently, and then, with an effort that made a blood vessel swell. Before he searched the bedroom, Vanadium walked quickly back through the rooms that he had already inspected, suddenly remembering the three bizarre paintings of which Nolly, Kathleen, and Sparky had spoken, and wondering how he could have overlooked them. They were not here. He was able to locate, however, the places on the walls where the art works had hung, because the nails still bristled from the pocket plaster, and picture hooks dangled from the nails.. In his voice, he heard a tremor that had nothing to do with the hideous deaths in Effingham more than sixteen years previous.. Glaring and red-faced, lowering his voice almost to a whisper, Neddy said, "I'm sorry, but you've got me all wrong. I'm not like Renee and you." Then Agnes said, "Well, it's clear to me that you won't be able to talk out your life in just one year. Should be a two-year grant." "I should," Tom agreed, "but the point is this. . ." With the finesse of a magician, he allowed the salt shaker to slip out of the concealment of his palm, and stood it beside the pepper. "This is also me." Now, Obadiah produced a pack of playing cards as though from a secret pocket in an invisible coat. "Like to see a little something?" Another of Junior's self-improvement projects, since moving to California, was to become a knowledgeable gourmet, also a connoisseur of fine wines. San Francisco was the perfect university for this education, because it offered innumerable world-class restaurants in every imaginable ethnic variety.. Find the father, kill the son. In just nine days, Junior bedded four beautiful women: one on Christmas Eve, the next on Christmas Night, the third on New Year's Eve, and the fourth on New Year's Day. For the first time in his life-and on all four occasions-his joy in the act was less than complete.. After moving all of a hundred feet, Celestina and Wally-with Grace fretting that someone would be hurt-had torn down the high stave fence between properties, for theirs had become one family with many names: Lampion, White, Lipscomb, Isaacson. When backyards were joined and a connecting walkway poured, Barty's travels from house to house were greatly simplified, and regular visits by the Gonzalez, Damascus, and Vanadium branches of the clan were also facilitated.. He would never allow himself to be bankrupted and made poor again. Never. His fortune had been won at enormous risk, with great fortitude and determination. He must defend it at any cost.. Earlier in the week, Junior had looked up Thomas Vanadium in the telephone directory. He expected the number to be unlisted, but it was published. What he wanted more than a number was an address, and he found that as well.. She tried to tell him that he was going to make it, that he would be with her for a long time, that the universe was not so cruel as to take him at thirty with all their lives ahead of them, but the truth was here to see, and she could not lie to him.. "This is going to be an enormous settlement," the attorney promised. "And there's more good news. County and state authorities have agreed to close the case on Naomi's death. It's now officially an accident." Awed, dropping to one knee before Barty, Tom fingered the sleeve of the boy's shirt.. Heart racing, but reminding himself that strength and wisdom arose from a calm mind, Junior stood in the center of the small kitchen, slowly turning to study every angle of the room.
